Presents

"Our family Roles – Client Family Roles and How They Intersect"

(2 CEU hours)

This presentation will utilize the family sculpture model to examine roles, needs, and intimacy dynamics as we explore our clinical work together. The presentation is interactive, with self-examination and mapping activity, pairing for discussion and large group presentation.

It is crucial that we professionals understand our role in both our family of origin and they way it can show up in our work with individuals in our care.
